

## **WKXW 1st Quarter 2016 ISSUES AND PROGRAMMING REPORTS**

### **Attached is the 1st Quarter Issues/Programming Reports**

It is our judgment on the most recent ascertainties, that these are some of the most frequently mentioned community issues and problems:

1. During the 1st Quarter of 2016 WKXW-FM has sought to identify the issues and problems that concern our listeners through contacts with various community leaders, through our on-the-air talk programs and our news reports.
2. Many issues have addressed the concerns of New Jersey Communities. These issues include economic situations, elections, state and local legislation. These are just some of the community concerns addressed through our call-in programs and newscasts.
3. WKXW-FM continues to inform the community through its talk formats addressing New Jersey concerns. We have interviewed New Jersey state, county and local officials on the telephone to answer questions from our listeners on legislation and other issues that impact life in the Garden State. We have used the station as a sounding board for people in the state to voice their opinions on terrorism, Atlantic City's finances, Zika virus, New Jersey Transit, raising New Jersey's smoking age among other issues.
4. We also aired monthly programs with New Jersey Gov. Chris Christie. Titled "Ask the Governor," the show gives New Jersey residents a chance to voice their concerns to Gov. Christie on a monthly basis.
